

## They Grow Up Fast!

### THEY GROW UP FAST!

#### This Week's Verse:

*You created my inmost being; you knit me together in my mother's womb. I praise you because I am fearfully and wonderfully made; your works are wonderful, I know that full well.*

*Psalm 139:13–14*

*When your kids are little, the days seem long! But now I've noticed that the years seem short. Talk with your child about how he or she is growing up, and have fun with this activity: Make a path on the floor, using different items, like a line of tape, a pile of pillows, pieces of paper, etc. Show your child how to balance on the tape, climb over the pile of pillows, hop on pieces of paper. Count each hop, "1-2-3." Say, **God made you. You're growing up! You can walk and hop and balance. You can do so many things. God loves you. I love you, too!***

#### Try This:

*Cuddle with your child as you look at pictures of him or her as a baby and at different stages. Talk about what he or she is doing in each picture and what new things have been learned. Tell some other things your child will be learning soon. Show pictures of yourself when you were a young child.*
