YOUR GROWING CHILD

This Week's Verse:

We grow in every way to be more like Christ."

(See Ephesians [4:15](#).)

Does your toddler like to dance and move to music? The next time you are enjoying this fun time with your child, crouch down low to the ground and slowly stand up and raise your hands up high. Invite your child to do the motions with you. We're pretending to be little seeds in the ground that grow and grow. God sends sun and rain, and the seeds start to grow. Up, up, up, they go. I say, God helps you to grow, too!

Try This:

I love to cuddle with my child and look at pictures of her growth. I say, God makes you grow. I love you.
